ACTS - The Madras Suppression of Immoral Traffic Act, 1930 - Sections 6, 7, 8 and 16 - Extension of - Establishment of Rescue homes.

--

Sections 6, 7, 8 and 16 of the Madras Suppression of Immoral Traffic Act, 1930 can be extended to areas in the mufassal where the rest of the Act is in force, if there are shelters for the temporary custody of rescued girls. It is understood that shelters have already been provided in certain areas such as Trichinopoly, Srirangam Tanjore and Tiruvannamalai but proposals for the extension of the above sections have not yet been sent to ~~the~~ Governments. The District Magistrates are therefore requested to consider the advisability and feasibility of extending the rescue sections in places where this has not been done already and of applying the provisions of the Act either in whole or in part to new places where this may be found necessary owing to reasons such as the presence of large number of the Fighting Services in or close to these places.

2. The District Magistrates are also informed that steps should be taken to establish rescue homes at important centres, fixed in consultation with the Woman Welfare Worker of the Madras Vigilance Association. If no private enterprise is forthcoming in such places, the local body concerned should be prevailed upon to take the initiative in this regard, in accordance with the instructions in G.O.No.940 Public Health dated 25.3.1936, and run the institution with the help of a trained woman worker. The Government will be prepared to consider proposals for any financial help if it is found reasonably necessary. The District Magistrates are

p.t.o.

requested to consider this question and submit suitable proposals in this regard.

3. The District Magistrates should send their reply through the Inspector-General of Police not later than 22nd March 1945.

ACT Madras Suppression of Immoral Traffic Act - Rescue Homes - Starting of.

--

In pursuance of para 3(ii) of the proceedings of the meeting of the Women's Sub Committee of the Post War Reconstruction (Co-ordination) department held on 3.10.44 (copy enclosed,) the Govt. of Madras propose to consider the question of establishing rescue homes at important centres in this Province. If private enterprise is not forthcoming to run the homes in the centres to be selected, the local body concerned may be prevailed upon to take the initiative in this regard, and run the institution with the help of a trained woman worker. The Govt. are prepared to consider proposals for any fina cial help to the local body concerned that may be found reasonable and necessary. The Woman Welfare orker, Madras Vigilance Association is requested to report the important centres at which rescue homes may be established.

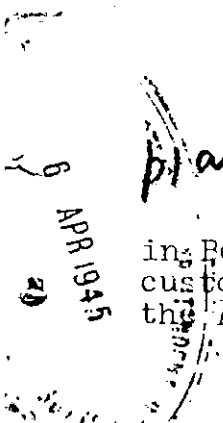
Sir,

Acts - The Madras Suppression of Immoral Traffic Act, 1930 - Sections 6 7,8 and 16 - Extension of - Establishment of Rescue Homes - report submitted.

Ref. Government memo.No. 31283 F/44-4 dated 23rd Feb. 1945.

The Suppression of Immoral Traffic Act is in force in part in Bellary town only. But there are no shelters for temporary custody of rescued girls. For this reason the rescue sections of the Act viz. 6,7,8 and 16 may not be extended to this place.



p.t.o

2. Adoni and Hospet are the two other municipal towns in this district. But there appears to be no necessity to apply the provisions of this act, either in whole or in part to these two towns as there are no fighting servicemen in or close to these places.

3. Recently the Women Welfare Worker (Mrs. V.T. Lakshmi) of the Madras Vigilance Association was here and she visited some houses of ill fame. But she does not appear to have considered the provision of a Shelter Home here to be a necessity.

Probable estimate of initial and recurring expenses of starting only SHELTERS and SHELTERS & RESCUE HOMES in towns in the Presidency.
Ref: Your communication dated -- June 45. ✓ in G.O. 19282

--

I have the honour to enclose herein the estimates of expenses on starting only a Shelter Home and those on opening both a Shelter and a Training Home or Rescue Home. Our experiences show that the places which want a Rescue or a long stay Home should make provision for both a Shelter (A short stay Home) and Rescue or Training Home (a long stay Home).

The estimates prepared by us are only approximate. The expenses may vary from place to place to a little extent. Roughly a Shelter alone will cost about Rs.3500 and not more and a Shelter and a Rescue or Training Home will cost about Rs.10,000 a year.

Any other details required will be furnished in due course.

The delay in sending this statement is due to the fact that we had to gather data from a certain places with regard to prices of things etc. there.

...

Ref; Government Memo No. 13579 F.2 dated 1st October, 1945.

...

The provisions of sections 6,7,8 and 16 of the Madras Suppression of Immoral Traffic Act may be extended to Bellary town.

2. As regards starting and maintenance of a shelter no private individual or local organisation is willing to undertake it. The Bellary Municipal Council is prepared to undertake this work but pleads lack of money. The Municipal Commissioner, states that the Council's finances have a large deficit balance due to payment of dearness and war allowance to its staff and the present ceiling prices of all articles and that it is not possible to incur any expenditure towards the establishment or maintenance of a shelter. However the Council may undertake this responsibility if the Government is pleased to sanction a grant of a sum of Rs. 4000/- in the first year and a recurring grant to meet the actual cost of running the shelter in the following years.

3. As the council's finances do not permit the expenditure Government may be pleased to consider the question of sanctioning the required grant.

4. A copy of the letter received from the Municipal Commissioner is enclosed.

...

As the Councils' finances have a large deficit balance due to payment of dearness and War allowances to its staff and the present high level of prices, it is not possible for the Council to meet any cost of the establishment of a shelter or Rescue Home at Bellary. The Council may be prepared to undertake to establish and maintain a shelter if the Govt. sanction a grant towards the entire cost. If a shelter is to be established a suitable building has to be constructed or rented for the present. The construction of a building in a suitable site will cost atleast Rs.10000/- If Government cannot give any grant for the construction of a building, the shelter or home may be started by renting a suitable building. It will not be difficult to secure the services of a Honorary Lady Superintendent to supervise the shelter. A Matron possessing the qualifications of a Secondary Grade Teacher on the scale of pay of Rs. 30/. to 50/- plus dearness allowance per mensem applicable to Secondary Grade Teachers will be necessary to be in charge of the shelter. She will have to reside in the premises of the home. One woman cook on Rs. 12/-~~*per mensem plus dearness allowance~~ will be the additional staff required to run the Home. The following is an estimate of the annual expenditure;

Home rent at Rs. 30/- per mensem,	...	...	Rs. 360.
One Matron on Rs. 30/- plus D.A.	...	...	Rs. 552.

Ref; Government Memo No. 13579 F.2 dated 1st October, 1945.

...

The provisions of sections 6,7,8 and 16 of the Madras Suppression of Immoral Traffic Act may be extended to Bellary town.

2. As regards starting and maintenance of a shelter no private individual or local organisation is willing to undertake it. The Bellary Municipal Council is prepared to undertake this work but pleads lack of money. The Municipal Commissioner, states that the Council's finances have a large deficit balance due to payment of dearness and war allowance to its staff and the present ceiling prices of all articles and that it is not possible to incur any expenditure towards the establishment or maintenance of a shelter. However the Council may undertake this responsibility if the Government is pleased to sanction a grant of a sum of Rs. 4000/- in the first year and a recuring grant to meet the actual cost of running the shelter, in the following years.

3. As the councils finances do not permit the expenditure Government may be pleased to consider the question of sanctioning the required grant

As the Councils' finances have a large deficit balance due to payment of dearness and war allowances to its staff and the present high level of prices, it is not possible for the Council to meet any cost of the establishment of a shelter or Rescue Home at Bellary. The Council may be prepared to undertake to establish and maintain a shelter if the Govt. sanction a grant towards the entire cost. If a shelter is to be established a suitable building has to be constructed or rented for the present. The construction of a building in a suitable site will cost atleast Rs.10000/- If Government cannot give any grant for the construction of a building, the shelter or home may be started by renting a suitable building. It will not be difficult to secure the services of a Honorary Lady Superintendent to supervise the shelter. A Matron possessing the qualifications of a Secondary Grade Teacher on the scale of pay of Rs. 30/- to 50/- plus dearness allowance per mensem applicable to Secondary Grade Teachers will be necessary to be in charge of the shelter. She will have to reside in the premises of the home. One woman cook on Rs. 12/-*~~per mensem plus dearness allowance~~ will be the additional staff required to run the Home. The following is an estimate of the annual expenditure;

Home rent at Rs. 30/- per mensem,	...	...	Rs. 360.
One Matron on Rs. 30/- plus D.A.	...	...	Rs. 552.

Extract from G.O.No.Ms.1731 Home dated 1st June 1945.

There are some places like Trichinopoly, Srirangam, Tanjore and Tiruvannamalai where shelters are said to be working. But no proposals for the extension of the Rescue sections even in those places have so far been received. The D.Ms. may be asked to consider about the advisability and feasibility of extending the rescue sections in places where this has not been done already and of applying the provisions of the Act either in whole or in part to new places where this may be found necessary owing to reasons such as the presence of large numbers of the Fighting services in or close to those places.

--

* * *

Paragraph 3(ii) of the Proceedings of the Women's Sub Committee.

(Within 5 years, the number of rescue homes should be increased to 40)

--

Under section 6(ii) of the M.S.I.T. Act, a Court before which a girl, removed from a brothel under section 6(i) of the Act, is produced, may make an order that such a girl, if under 18 years of age, be placed in a rescue home until she attains the age of 21 years or for any short period. Section 7 of the Act provides for the detention of such a girl in a rescue home until she is brought before the court. The following will show the origin, development and the present position of the Rescue Homes:

The provisions of the Madras Suppression of Immoral Traffic Act other than those of sections 6, 7, 8 and 16 were extended to the city of Madras and its environs from 1st April 1932. The rescue sections of the Act, namely, sections 6, 7, 8 and 16 were not extended as there was difficulty for want of rescue homes. The Madras Vigilance Association then came forward and gave an undertaking to maintain at least 20 rescued girls for 2 years in the rescue homes that may be recognized by the Govt. in the City of Madras. On this undertaking given by the Association the Government extended the provisions of sections 6, 7, 8 and 16 of the Act in the City and its environs from 1.2.34 The Govt. also recognized the following homes as rescue homes for the detention of girls under sections 6(ii) and 7 of the Act.

(1) The Home of the Madras Society for the Protection of Children;
(2) The Salvation Army Industrial Home; and
(3) The Certified Schools for Girls under the Madras Children's Aid Society.

The Madras Vigilance Association agreed to maintain the rescue girls in these three homes. Subsequently the home of the Sisters of the Good Shepherd Convent and the Women's Indian Association rescue home were recognized by the Govt. as rescue homes for the detention of rescued girls. The last two homes were recognised by the Govt. on the undertaking given by the concerned associations to maintain rescued girls from their own funds. In 1937, the Stri Sadhana run by the Madras Vigilance Association was recognized. The recognitions granted to the Home of the Madras Society for the protection of children and the Women's Indian Association rescue home were subsequently withdrawn on the ground that these homes had ceased to function.

In May, 1938 the recognition granted to the Home of Sisters of Good Shepherd Convent was withdrawn because no case had been sent to it and the convent also expressed that no financial help was given to it. Then there remained the following 3 homes in the City of Madras, viz

(1) Stri Sadhana
(2) Home of the Madras Children Aid Society
(3) The Salvation Army Industrial Home

In November 1941 a girl was committed for detention in the Rescue Home attached to the Salvation Army and they applied to the C.I. of Certified Schools for the grant of maintenance fees for the girl. In

2

that connection Govt. decided to withdraw the recognition accorded to the Salvation Army. However, the question was examined whether at least the Christian and Anglo Indian girls may be sent to that Home. It was found that there was sufficient accommodation in Stri Sadhana and that it could take over many more girls. The recognition granted to the Salvation Army as a rescue home for the detention of girls was therefore withdrawn in February 1942.

There now remain the following two homes:

(1) Stri Sadhana - maintained by the Vigilance Association;
(2) Home maintained by the M.C.A. Society

Of these Stri Sadhana has been recognized as the Central Rescue Home for the whole province for the detention of girls under sec.6(ii) and 7 of the Act and girls from the mufassal are kept on payment of maintenance charges by mufassal municipalities or private bodies. Govt. give grants towards the expenditure incurred by this body for the maintenance of the Home.

3. However, the policy of Govt. in regard to the opening of rescue homes is that they should be started and maintained by private philanthropic bodies - vide S on p.4 of G.O.No.2433 Home dated 10.5.38, Mr.Uzelli's notes at "N" on p.16 of G.O.No.3242, P.H., dated 12.9.38 and Mr.A.R.MacEwen's D.O. on p.4 of G.O.No.4095 Home dated 7.10.40.

In 1938, the Karaikudi Municipal Council was permitted to incur an expenditure of Rs.1,000 on the construction of a Rescue Home in the Municipality. No financial assistance was given by Govt. to this Rescue Home. In the same year the D.M., Trichinopoly wanted to open a Rescue Home for Trichinopoly and Srirangam towns and requested that sanction may be accorded for Govt. servants to canvas subscriptions and donations for the home. His request was negatived and he was informed that the support of non-officials should be enlisted for the purpose. In 1940, the D.M., Madura recommended that the Rescue Home proposed to be opened by the Vigilance Association, Madura may be recognized. He was told that no Govt. subsidy would be given and that he should satisfy himself of the financial position of the Association. Then on reconsideration he reported that he would move for recognition when the finances of the Rescue Home improved. The cases mentioned above illustrate the policy pursued by Govt.

4. It will be seen from the above that in the matter of opening of Rescue Homes it is for private bodies to take the initiative in establishing Rescue-homes and not for Govt. However, attention is invited to the opinions of Dt.Authorities in regard to the M.S.I.T. Act printed on pp.12-26 of the report of the Madras Vigilance Association for 1942-43. It will be seen from it that the Dt.authorities (either the D.M. or the D.S.P.) of Bellary, Malabar, Chingleput, Coimbatore, S. Arcot, E.Godavari, W.Godavari, Kistna, Madura, Nellore, Ramnad, Salem, Tanjore, Trichinopoly and Vizagapatam are of the opinion that the public do not evince sufficient cooperation and interest in this regard and that the institution of rescue homes will give greater scope for the successful working of the Act. It will seem therefore that the aid of Govt. is necessary either by way of grant or in some other shape to make the Act work successfully.

Perhaps the D.Ms. may be asked to consider the question of the feasibility of the establishment of a rescue home in each district and also to state what financial aid from Govt. will be necessary for the purpose.

M.T. 31.10.44
G.G. 31.10

The Central Rescue Home in Madras of the Madras Vigilance Association is serving the entire province. It has grown so rapidly that the Association finds it difficult to meet the pressure of the

31

demand for admission into the Home. It is therefore necessary to have Rescue Homes at least in some important centres in the moffussil. The interest which the public evince in the matter although it is so intimately connected with the social health and welfare of the community is very little. If the initiative in starting Rescue Homes in moffussil centres is left entirely to private enterprise practically nothing will be done as has been the case till now. It is said that there are Vigilance Associations working in about 30 important towns in the moffussil but even then nothing appears to have been done in this direction. This is a work in which at least the local bodies and in particular the municipalities should take some real interest. It contributes so much, in the long run to the improvement of the general health of the people. In fact it is part of the civic responsibilities of the municipalities and other local bodies. To start with, steps may be taken to have rescue home in a few important centres in the moffussil. These centres may be fixed in consultation with the women welfare worker of the Madras Vigilance Association. If no private enterprise is forthcoming in such places, the local body concerned may be asked to take the initiative in the matter and run the institution with the help of a trained woman worker. The local body may be given such financial help by Government as may be found reasonable and necessary. The Central Rescue Home is being helped by Govt. in this way. It seems to me that unless some such thing is done, there is no likelihood of any more Rescue Homes being established. Unless we have such Rescue Homes where the girls can be kept and reformed, the object of the M.S.I.T.Act to prevent immoral traffic in women cannot be easily achieved.

C.T.M. 31.10.44

* * *

May I know why Govt. does not finance these 'homes'

The Suppression of Immoral Traffic Act is of little use unless there are such homes.

And how can one differentiate between the propriety of spending money, on criminal settlements and the propriety of spending money on such 'homes'.

G.W.P. 14.2.45

I agree that local bodies should be advised to do something and that Govt. should help them.

T.A. 15.2.45

With reference to the query of A-4 in his minutes above, it is submitted that when the bill for the Suppression of Brothels and Immoral Traffic was considered in 1928 by the Madras Legislative Council, the Select Committee (appointed by the Council to report on the Bill) recommended that the detention of girls rescued under the provisions of the Bill should be in a rescue home provided by the Govt. This suggestion was specifically considered then at a meeting of the Executive Council and it was decided not to accept the suggestion as it involved financial responsibility - vide the notes on p.175 of G.O.No.329 Public (Police) dated 11.6.30 and H.E.'s minutes on p.177 ibid.

Not put up

"

M.T. 2.3.45

The policy of the Govt. in regard to the provision of rescue homes has, so far, been that they have no money to spare for any object, however deserving for which it is normally the business of private charity to provide and that, if the whole act is to be brought into force, rescue homes must be established and maintained by private bodies

G.G. 3.3.45

But the Govt. have been helping the Central Rescue Home in Madras in meeting a considerable part of the expenses incurred in running the institution. If the matter is left entirely to private enterprise or

local bodies nothing appreciable will be done as it has been the case so far.

C.T.M. 5.3.45

Please come and discuss some time.

G.W.P. 6.3.45

A-4 wants that we may consult Collectors regarding the starting of rescue homes. We may first ask the woman welfare worker as to the important places in the moffussil where it is necessary to have these homes and then address the Collector concerned.

C.T.M.

It has been ordered that D.Ms may be asked to consider about the advisability and feasibility of extending the rescue sections in places where this has not been done already and of applying the provisions of the Act either in whole or in part to new places and that the women Welfare Worker should be consulted as to the important places in the moffussil where it is necessary to have these homes and then address the collectors concerned. In pursuance of these orders the references on p. 1 and p. 13 c.f. have been issued. Replies from the D.Ms to the Memorandum on p. 12 c.f. are being received now. The Woman Welfare Worker also has sent a reply to the Memorandum on p. 15 c.f. Her report is at pp. 3-4 c.f. It is seen from the reports received so far that some of the D.Ms do not see the need to extend the provisions in sections 6, 7, 8 of the M.S.I.T. Act. Some are still examining the question. As the proposals from the D.Ms are received piecemeal it seems desirable to start separate files in respect of each district and the question examined separately in it. Necessary extracts from this file will be taken and separate files will be started. M

P37C.F. From the D.V. Bellary Ref:No.1599/45-A1 dated 19-12-45.

This case is concerned with the question of the feasibility of extending the rescue sections (sections 6,7,8 and 10) of the W.S.I.T. Act to places in the Bellary district where the rest of the Act is in force and of applying the provisions of the Act either in whole or in part to other places in the district where the Act is not in force at present. The case has been held over pending the issue of orders on the proposal to provincialize the Vigilance Service, which the Govt. have since decided to leave to the next Govt. for consideration. In Memo.No.31283F/44-Home, dated 23-2-45. D.Ms. were informed that steps should be taken to establish rescue homes at important centres and that if no private enterprise was forthcoming, the local body concerned should be prevailed upon to take the initiative in the matter. D.Ms. were also informed that the Govt. would be prepared to consider proposals for any financial help, if it was found reasonably necessary. For the reasons given in paras 1 & 2 at pp 5-6 of the D.M. was against the extension of either the rescue sections or the other provisions of the W.S.I.I. Act to any place in the district- ~~please see the office note dated 2-4-45 ante~~. I.G. of Police agreed with the D.M., and this view was accepted - please see the office note at pp 4-5 ante.

In memo.No.19756 F/45-1 dated 19-6-45 a further reference was made to the D.Ms. in regard to the opening of rescue homes in the dts. in pursuance of the recommendation made by the Home sub-committee of the Post War reconstruction Committee that the no. of the Presidency should be increased to 40

The D.M. was also asked later to consider the question of opening a rescue home or shelter in Bellary - please see the memo. dated 8-8-45 at p 14 cf. Reference is also invited to the memo. dated 1-10-45 at p.23 cf. In his letter dated 9-11-45 the D.M. has stated that sections 6,7,8 and 16 of the Act may be extended to Bellary town and that no private individual or local organization is willing to start and maintain a shelter. The D.M.'s report showed also that the Bellary Municipal Council was not prepared to incur any expenditure on the establishment of maintenance of a shelter. The I.G. of Police has stated that the provisions of sections 6,7,8 and 16 of the Act can be enforced only when a rescue home is started at Bellary. As regards this, it is subd. that it will be enough if a shelter is opened in Bellary town and that it is not essential that there should be a rescue home there if the rescue sections are to be applied. The C.I. of Certified Schools has not offered any remarks. The five year plan for the establishment of rescue homes drawn up by the Prohi. Woman Welfare worker contemplates the establishment of a rescue home in Bellary in the second year of operation of plan. A copy of the scheme has already been communicated to the D.M.

3. In view of the total refusal of the Municipal Council to bear any portion of the expenditure on account of a shelter, it does not seem necessary to consider the question of opening a shelter in Bellary. If so, there is no further action in the file. The papers may be recorded for facility of reference in future.
